Exhibitions & Lectures

Photographing ID Talk 2016

Gave a lecture on how to photograph industrial design models, edit them, and display them in a portfolio.

Industrial Design Studio 2016

Asked by professor Henri de Hahn to teach his architecture studio for a week in his absence. Taught an intro to industrial design to help students design a domestic object for their boathouse project.

Women Farmers of Appalachia 2016

A photographic series with accompanying interviews documenting stories of twelve women farmers in the Appalachian region, created over four months.

Experience

Key Tech Inc.

Baltimore, MD [May 2017 - August 2017](#)

Selected for a summer internship. Assisted in brainstorming with multiple stakeholders, created feasible concepts for a multinational medical company, and presented to clients. Worked with industrial designers and engineers to complete a self-initiated project, a capacitive ECG belt for neonates.

School of A+D Website

Blacksburg, VA [August 2016 - Current](#)

I was asked by the director of my school to redesign the website for the School of Architecture + Design at Virginia Tech. My role is project manager. I communicate between a contracted design agency, my team and the School, define and adapt our timeline, and provide input for the website design.

Drew Doggett Photography

Charleston, SC [July 2015 - August 2017](#)

Helped this award-winning photographer to create his next collection of images of America's West in a summer and fall internship. Assisted with research, a two-month road trip along the western US, shooting behind-the-scenes photos, social media, and post-production of final images. Current duties include designing gallery proposals, wireframing for the website, social media.

GAiTE Smart Infrastructure

Blacksburg, VA [July 2015 - December 2015](#)

Worked on a multi-disciplinary team to validate customers for this startup's technology.

Cobble Hill Digital

Charleston, SC [June - August 2015](#)

Digital product design agency. Worked alongside designers and developers to design, develop, and create content (product and lifestyle photos) for Ro Sham Beaux (ro-sham-beaux.com), Wildlife Workshop (wildlifeworkshopfiretools.com), and Maty's Healthy Products (matyshealthyproducts.com).

Extracurricular & Volunteer

Studio Collective Journal

Co-founder, Student Advisor [2 years](#)

Managed 40+ members as president for two years.

Official design journal of the Virginia Tech School of A+D. Duties included layout design, graphics, photography, leadership, project management, team development, event planning, fundraising, social media. New issue released every semester.

College of Architecture & Urban Studies Ambassador

Industrial design ambassador [1 years](#)

Responsible for attending events with prospective students to have conversations about our school.

Industrial Design Society of America (IDSA)

Graphics team [2 years](#)

Southern District Portfolio Review 2014 Volunteer.

Designed signage and printed materials.

Also volunteered the day-of to set up and clean up.

Warm Hearth Village

Volunteer [42 hours](#)

In the summer and fall of 2016 I volunteered at Showalter in Warm Hearth Village, an assisted living center by socializing with the residents.

Lewis-Gale Hospital Montgomery

Volunteer [30 hours](#)

In the summer and fall of 2016 I volunteered at a local hospital in Blacksburg, serving patients and assisting nurses in the ER.
