Skills

Digital

Solidworks, Keyshot, Photoshop, InDesign, Illustrator, After Effects, Muse, Premiere, Keynote

Physical

Sketching, photography, foam modeling, 3D printing, CNC milling

Experience

Key Tech Inc.

Baltimore, MD [May 2017 - August 2017](#)

Selected for a summer internship. Assisted in brainstorming with multiple stakeholders, created feasible concepts for a multinational medical company, and presented to clients. Collaborated with industrial designers and engineers to complete a self-initiated project, a capacitive ECG belt for neonates.

School of A+D Website

Blacksburg, VA [August 2016 - Current](#)

I was asked by the director of my school to redesign the website for the School of Architecture + Design at Virginia Tech. My role is project manager. I communicate between a contracted design agency, my team and the School, define and adapt our timeline, and provide input for the website design.

Drew Doggett Photography

Charleston, SC [July 2015 - August 2017](#)

Helped this award-winning photographer to create a series of images of America's national parks in a summer and fall internship. Assisted with research, a two-month road trip along the western US, shooting behind-the-scenes photos, and post-production of final images. Current duties include service design, graphic design, and digital design for the website.

Extracurricular

Studio Collective Journal

Co-founder, Student Advisor [3.5 yrs](#)

Managed 40+ members as president for two years. Official design journal of the Virginia Tech School of A+D. Duties included layout design, graphics, photography, leadership, project management, team development, event planning, fundraising, social media. New issue released every semester.

College of Architecture & Urban Studies

Industrial design ambassador [1.5 yrs](#)

Responsible for attending events with prospective students to have conversations about our school and maintaining relationships with alumni.
